

Clements Court

highview

Client:
St Clement Court
Management Company

Location:
Leigh on Sea

Contract value:
£210k

Contract Duration:
May 2022 - 3 Months

Sector: Residential

Summary: Principle Contractor for brickwork repairs and liquid waterproofing

After being appointed as Principle contact Highview commenced with the works at St Clements Court in Leigh On Sea.

These works consisted of the supply and installation of a triflex liquid waterproofing to the main roof and re pointing works to the entire south elevation

The Scheme encountered some challenges due to its seafront location but due to stringent H&S management we were able to determine the days where it was safe to work and increase labour accordingly to support stand down time.

Our team ensured that all key stakeholders were kept informed of all changes throughout the programme duration to ensure we maintained the highest level of customer satisfaction possible
